| Description | Come have a look at this herd of single birth id Friesian, Jersey and crossbred cows. They show a well considered breeding plan aiming to bred an animal that expresses longevity by providing good udders, good legs and great capacity, can quote " is rear to get a lame cow", Sires were originally sourced from Germany (GGI Spermex), then later to include sires from Holland, New Zealand, Denmark and America. They produce extremely well with a very low somatic cell count. | | |
