Contract Type	Dairy Forward Delivery	DairyStock SubType	Herd/Cows
Title	The Absolute Best Value Cows Around-Jersey, JersX	ID	CSI91524
Agent	Matt Sanson	Client	
Location	CSI - Northern/Central South Island		
Description	If you want hard working cows with great index's then go no further! This is one of the tidiest herds we've seen of this size. Milking 2500-2700 cows through the peak, we will be marketing these as three separate herds of sound cows: 527 Jerseys. BW 132. PW 120 523 Jerseys. BW 132. PW 117 723 Frsn and Frsn Cross. BW 97. PW 107. The herd rears no Heifer calves and replacements come by the way of purchasing in young MT cows (mainly NI animals) and getting them in calf to be milked the following seasons. These cows are used to long walks and elevation and have come through the last few tough/dry seasons very well. They are currently in great condition and are a credit to the Vendors animal management and attention to detail. The herd produces fantastically for the conditions and has been milked OAD for the last 10 years producing 350-380 kg/ms. The cows are in calf to NM Jersey Bulls, run from 23 October through to 1st Jan and typically runs at a 10-14% MT rate. The Vendors would like a quick sale and can facilitate a number of purchasing options. For a comprehensive information pack or to arrange a viewing please contact myself or Jared Farquahr 0277574727
